

Event Logs

Every change you make and every action you take within a workspace is recorded with Event Logs, you can always look back and track your changes across time.

To view the **Event Logs** of your Workspace:

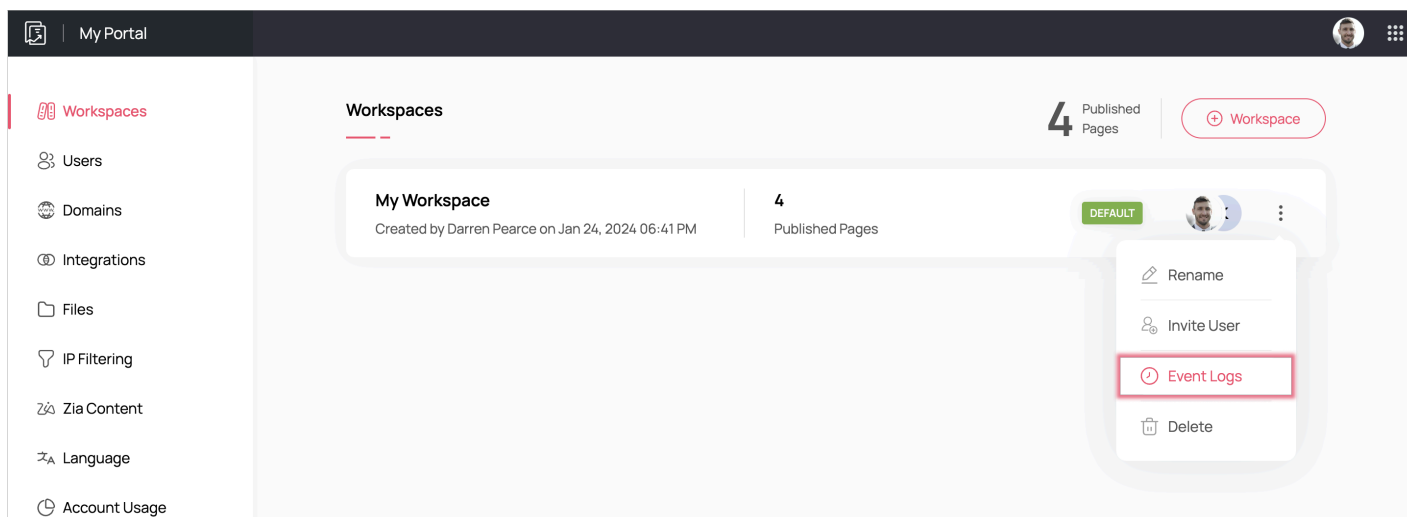

1. Click on the product icon present in the top left.

The screenshot shows the Zoho Pages interface. On the left, there's a sidebar with 'Groups' and 'All Pages (4)'. The main area displays a table of pages:

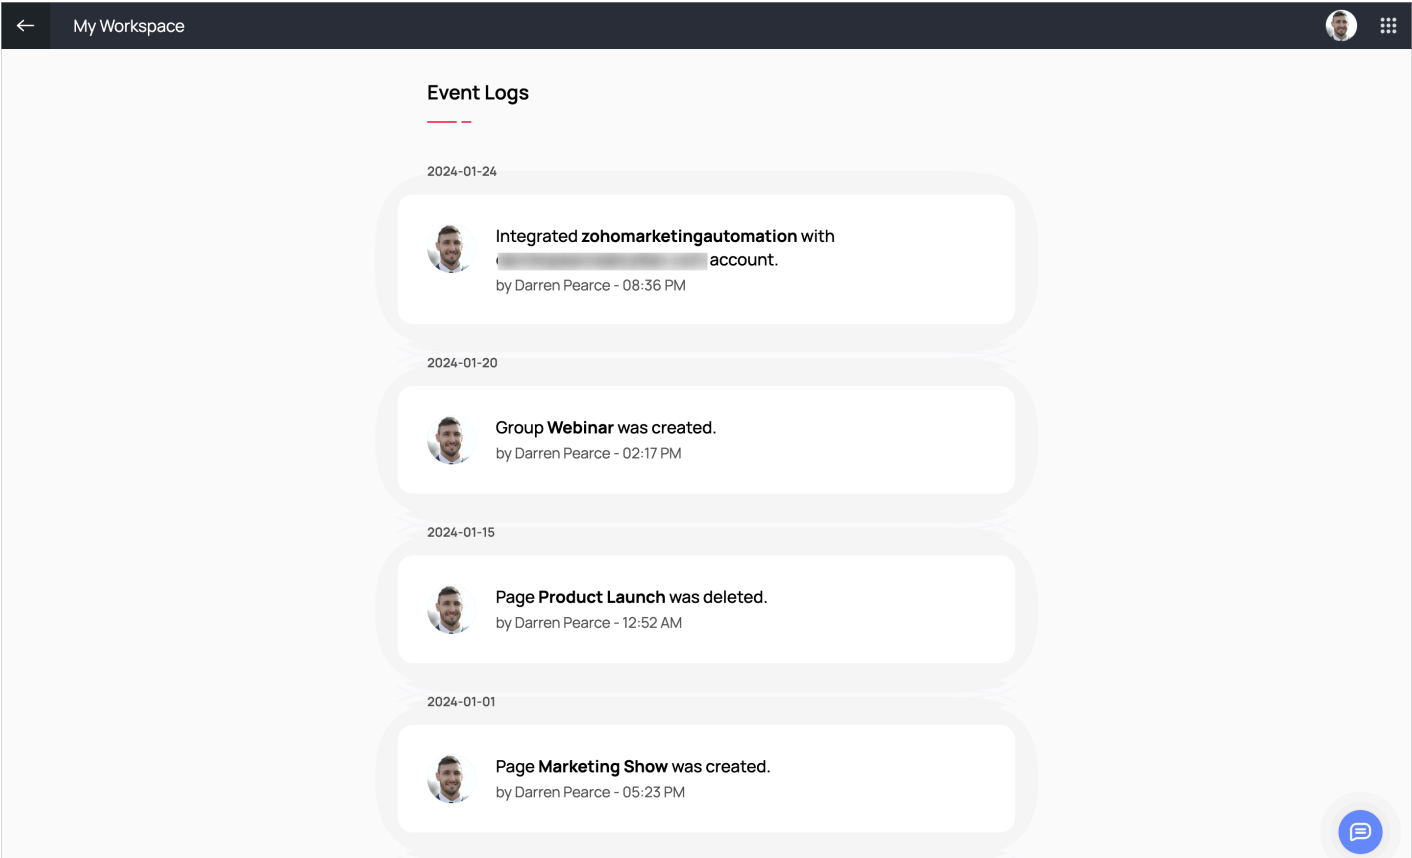

Page Name	Status	Visitors	Conversions	Conversion Rate
<input type="checkbox"/> Marketing Show Last Updated on Jan 21, 2024	Published	20	9	45%
<input type="checkbox"/> Webinar Invite Last Updated on Jan 20, 2024	Published	13	3	23.08 %
<input type="checkbox"/> App SignUp Last Updated on Jan 15, 2024	Published	9	4	44.44 %
<input type="checkbox"/> Home Improvement Last Updated on Jan 10, 2024	Published	25	8	32 %

2. Select **Event Logs** by clicking on the ellipses near your Workspace.

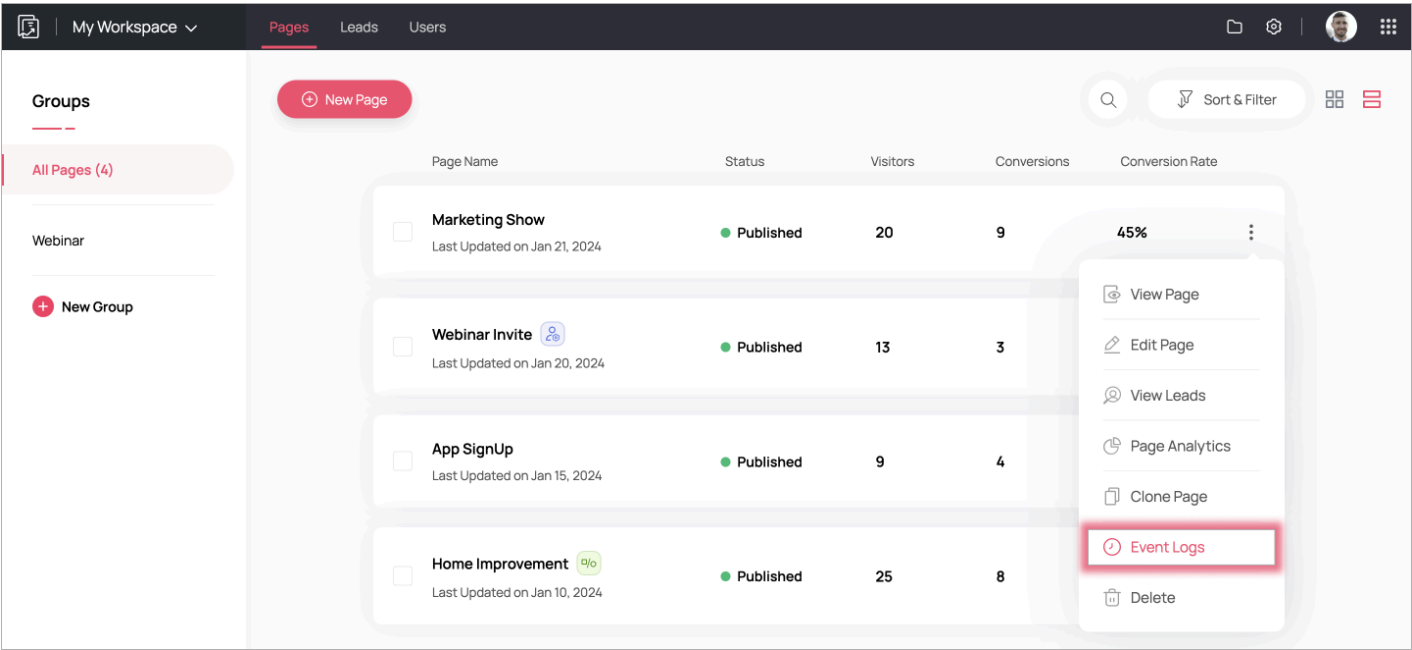

The screenshot shows the Zoho Workspaces interface. On the left, there's a sidebar with 'Workspaces', 'Users', 'Domains', 'Integrations', 'Files', 'IPFiltering', 'Zia Content', 'Language', and 'Account Usage'. The main area displays a list of workspaces. The 'My Workspace' is highlighted, showing it was created by Darren Pearce on Jan 24, 2024, 06:41 PM, and has 4 Published Pages. A dropdown menu is open next to the workspace, showing options: 'Rename', 'Invite User', 'Event Logs' (highlighted with a red box), and 'Delete'.

3. Now, You will be able to view the **Event Logs**

To view the **Event Logs** of every landing page:

- 1. Click on the ellipses next to your landing page.

- 2. Select **Event Logs** as shown in the image above.

3. You can now view the list of changes made to the landing page.
