Zoho Corporation

Languages Supported

The following languages are supported in Zoho FSM:

- Dutch (Nederlands)
- English - United Kingdom
- English - United States
- French (français)
- French - Canada (français - Canada)
- German (Deutsch)
- Italian (italiano)
- Portuguese - Brazil (português - Brasil)
- Spanish (español)
- Turkish (Türkçe)

Available in Editions: **All Editions**

In Zoho FSM, multi-language is supported at the **user-level**. The chosen language will be used as the display language for the user and in certain communications sent by the user.

Setting the Primary Language

When you create a Zoho FSM account, you can select the language that you want to set as the primary language of the organization. You can change it later by changing the language of the super admin.

Choosing Language for Individual Users

While [creating](#) an user, you can select the language for the user. You can also change the language of existing users.

Limitations

- Certain information like the Statuses of Service Appointments, Work Orders, Invoices, etc will be displayed in English irrespective of the chosen language.
- Multi-language support for some of the recent features will be rolled out gradually.
